Rough Cast With Sun Room Annex

Design 989, by Glenn L. Saxton Studios, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

In this design the living room is a spacious oblong and has a fireplace at one end and the stairway at the other. The sun room is entered by a French door. The dining room has a built-in sideboard and windows on both sides, and is thrown together with the living room by a square columned archway. The sun room extension provides a well aired piazza for the summer months. There is a grade door underneath the kitchen stairs. The second story has three chambers, large bathroom and abundance of closet space. Size, 25 feet wide by 25 feet deep. There is a full basement. First story, 9 feet; second story, 8 feet. Oak finish may be used for the first floor, with oak floors in the principal living rooms, and pine to enamel, with birch or maple floors, in the balance of the rooms. Cost to build, exclusive of heating and plumbing, \$3,500 to \$3,700.

WORK IS STARTED.

The barn at the rear end of the lot on Wright avenue, purchased by the Symons Brothers Wholesale Grocery of Saginaw, has been moved to the lot south, and workmen are now busy excavating for the basement of the building which is to be erected on this lot before winter.

It is understood that this work does not come under the contract for the building. The excavating is going on as rapidly as possible, but it will be a couple of weeks before building operations can be started.

It is said that this contract for the building has not yet been let.

WORK HELD UP.

The difficulty in getting materials is said to be holding up the construction work on the new two-story building work on the new two-story building for the Alma Garage.

Mr. Morton is experiencing great trouble in getting his elevator, which has been shipped for some time, and is having quite a time in getting a heating plant such as he wants for the building.

It may be December 1 before the building is ready for use, at which time the Alma Garage will be moved to the new structure.

BUILDERS' NOTES.

Allen Moseley has purchased a residence at the corner of Ely and Grover avenue from R. J. Fraker. The residence has six rooms and a bath. The consideration is said to have been \$5,000.

Andrew Shaw has sold his residence on West Superior street to Fred Amsbury, who is leaving his farm, west of this city. Mr. and Mrs.

Shaw expect to move away from Alma the last of the week and will settle on a poultry farm which Mr. Shaw has purchased just two miles from Ashbury Park, New Jersey. Amsbury will take immediate possession.

Workmen are busy fixing up new offices in the front of the main building at plant one. They are located on the first floor, just inside of the main entrance to the building.

A. B. Sheldon has purchased the residence of George Latimer on West Superior street and has moved his family to this city and will make Alma his future home. Considerable remodeling has been done on the residence.

The new George Latimer residence on West Superior street is nearly completed and will be ready for occupancy within the next two weeks.

Awarding of blue ribbon by judges.
Song by the club.

Committee.

Mrs. Wesley Webb,
Mrs. Geo. Irish,
Mrs. N. Udell,
Mrs. C. Burton.

Chamberlain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.
